# 20. REVENUE STREAMS

## 20.1. CITRUS GAMES

Artificial intelligence (AI), Virtual Reality (VR), Augmented Reality (AR), and Haptic technology have transcended the gaming sphere to an entirely surreal sci-fi galaxy. These technologies fused with blockchain will create an unparallel array of games.

Revenue from the downloads of these games will be further invested to strengthen and advance the gaming community while benefitting Citrus.

## 20.2. UTILITY APPS

The demand for **gaming, utility, productivity, and communication apps** is perpetual.

Citrus, the tech promoter and specialized gaming and app developer, aims to build business and personal assistant apps like **Findersnap**. This app will solve the raging issue of cellphone theft. It is formulated to capture the necessary information of the device and send it to the cloud server every time a third-party intervention occurs. The cloud storage will safeguard the data no matter the times thief reset a cell phone. Hence, Findersnap aims to be the next-gen device finding utility app.

Complex the problems, even better the solutions! ....18

## **20.3. CRYPTO EXCHANGE & WALLET**

**Daily millions of trade transactions occur on crypto exchanges worth billions of dollars, and the volume of trading is proliferating daily.** With a more advanced exchange and wallet platform, traders and investors will get benefited.

With every trade, nominal fees will be charged to the traders, and with this influential audience, CitrusEX and Citrus Wallet can book substantial profit.

**Citrus' holistic approach proposes to provide 360° support to blockchain and crypto consumers.**

## **20.4. DECENTRALIZED APPS**

Dapps (Decentralized Apps) are a growing movement of applications that are developed to bring positive reinforcement to blockchain based business models or invent new startups.

Citrus dapps are projected to run on Citrus Blockchain, empowering our mega projects such as the **JUICE**, one of its kind decentralized social media network.

## **20.5. TOKEN DEVELOPMENT**

**The Asteroid will be an innovative token for investors to invest in global real estate to earn profits.**

When the economy is proliferating, and governments lay more significant incentives on developing real estate and infrastructure, the Asteroid token will reap profits to holders and investors.

Asteroid tokens will offer a convenient opportunity to investors looking for portfolio diversification and long-term capital appreciation.

## **THIS IS NOT THE END**

Instead, the beginning.

A beginning of what revolution truly means!

**Be a part of this revolution**

or remain a witness to the metamorphosis of the decentralized sphere.
